

PRUNUS GLANDULOSA Thunberg, S. P. I. 38337.

A very ornamental Chinese shrub, called *Yü hua mei*, having small, double white flowers. Numerous varieties of the species are in cultivation, some with rosy flowers, others with white flowers, dotted with red. Photograph (Chico 659) by R. L. Beagles, Test Nursery, Chico Field Station, April 15, 1916.
